

## "WALLS"

*With no consideration, no pity, no shame, they  
have built walls around me, thick and high.  
And now I sit here feeling hopeless.  
I can't think of anything else: this fate gnaws my  
mind - because I had so much to do outside.  
When they were building the walls, how could I  
not have noticed!  
But I never heard the builders, not a sound.  
Imperceptibly they have closed me off from the  
outside world.*

Constantine Cavafy

**ABOUT SHIFTING WALLS.** Bringing history to life. This is a project which helps students to actively engage with European history and provides innovative ideas for your teaching curriculum. Students reflect on the last 30 years of Europe’s history by means of creating their own photo stories. shifting walls is based on core ideas from media education and 21st century skills. Check out the shifting walls approach, the different task sheets and support material. Examples of the stories can be found on the [website](#) and on the [shifting walls instagram channel](#).
